

# GENNY+

## Meet GENNY+ Smart, Compact, Elegant

GENNY+ is the newest addition to the Watergen family — a sleek, compact, and ultra-quiet water-from-air generator built for modern living.

Designed for small spaces and dynamic lifestyles, it delivers premium, mineralized drinking water anytime — no pipes, no plastic, no compromise.

# GENNY+

## Up to 20 L/Day. Every day

### High quality of fresh & healthy water

Complies with international water purification standards

Hot & cold water at your fingertips

### Plug & Drink Convenience

Ultra-efficient – no installation, no plumbing, no carrying bottles, no waste.

### Smart, Sleek, Minimalist Design

User friendly dashboard, preventative maintenance, blends seamlessly into kitchens, living rooms and workspaces

### Perfect for Every Space

Homes, Apartments, Offices. Perfect for modern families prioritizing health and taste, urban flats without clean reliable mains water
